## Nutrition Information:

Flying B Sheepadoodles prefers natural and holistic dog food with ingredients that are easily digestible and can be fully utilized by their puppies' bodies. The research, as well as, the natural and holistic ingredients, led Flying B Sheepadoodles to **pawTree**. This company has a lot to offer and is committed to healthy living - they have yet to disappoint Flying B Sheepadoodles (humans or fur babes) [www.pawTree.com/FlyingBSheepadoodles](http://www.pawTree.com/FlyingBSheepadoodles).

Flying B Sheepadoodles requires each Guardian Home feed a strict **pawTree** Diet to their puppy. Why? Because each **pawTree** Recipe is made with **REAL meat**, *no: poultry by-products, corn, or soy, artificial colors, flavors, or preservatives; they are developed by Veterinarians and Animal Nutritionists, and made in the USA* (which doesn't affect your puppy, but keeps our economy primed and pumping). All puppies are fed **pawTree**'s "REAL Turkey and Sweet Potato" Recipe, all Lactating Dams are fed **pawTree**'s "REAL Chicken and Oatmeal" Recipe. Yes, this food is a bit more expensive when comparing brand to brand, however, because there are absolutely no fillers in any of pawTree's Recipes, puppies and dogs eat less. Flying B Sheepadoodles began saving 25% when they switched to **pawTree**.

### **pawTree** Key Benefits:

1. Your fur-babe will eat less.
2. You will find smaller poo patches in your yard.
3. As a result of the first two benefits, your budget benefits by saving more than 25% per month.
4. Your **pawTree** Food will be delivered to your door.

Flying B Sheepadoodles raises their dogs and puppies on only the best food. FBS expects and requires each Guardian Home continues feeding **pawTree**.

Please, initial the below statements:
